Re: Revised Draft Final Preliminary Assessment Report
Naval Weapons Station Yorktown – Cheatham Annex, Virginia
Navy Preliminary Assessments for Munitions Response Program
Contract N62472-02-D-1300

Dear Ms. Cole:

Malcolm Pirnie is pleased to provide to the Naval Facilities Engineering Command, Atlantic Division this **Revised Draft Final Preliminary Assessment (PA) Report for Naval Weapons Station Yorktown – Cheatham Annex, Virginia**. This Draft Final PA report covers the Marine Pistol and Rifle Range.

NAVFAC Headquarters has requested that copies of the Draft Final PA Report be made available to the regulators for review. As such, a total of 6 hard copies of the report are included for you to distribute. The site recommendations, site prioritization, and cost estimate are provided as a separate report and are for internal Navy use only. However, at your discretion, the site prioritization may be forwarded to the regulators for review.

Comments on the Revised Draft Final PA should be submitted to Mr. Tony Pace. Mr. Pace can be reached at 757-873-4434 or tpace@pirnie.com. After comments are received on the Draft Final PA, a Final PA with a CD that includes the Final PA with site source data, electronic map, and GIS files will be available.

Please call me at 757-873-4434 if you have any questions or comments.

Very truly yours,

for: Tony Pace
